

# Genetic Solutions 2025

*Capture the Yalgoo Advantage*

## Welcome to Genetic Solutions

We wish you all the best for the 2025. As the industry continues to segment into high fleece value/ high cost of production sheep and low fleece value/ low COP sheep, we are striving to add value on both sides of the Profit and Loss statement. The balanced approach with a high fleece value focus remains our best opportunity to achieve higher levels of profitability into the future. Please let me know if we can assist you. All the best, Jock

## Notes on Sires

- 200629**
- Homo PP, TWIN born ram
  - Perfect independent structural scores
  - Bolder wool type, but exceptional handling wool reflected in his wool quality ASBVs (top 5% FDCV and 1% SS)
  - Thinner skin with long staple length
  - High fleece value and excellent visual traits (top 5% COL CHAR)
  - Plainer 537 son
  - Positive carcass traits
  - A sire that puts it all together that makes for a high repeat use ram
  - A proven, consistent sire with the balance of traits and phenotype to build a ewe flock around
  - Yearling FD 14.6 GFW% 112
- 
- 220551**
- Homo PP
  - Silky, stylish, lustrous soft handling wool
  - Plain ram with negative breech wrinkle ASBV & -53 for WEC
  - Attractive, low cost ram
  - High staple length and low AFD
  - Top 1% FW 5% WP
  - Yearling FD 14.1 GFW% 134

- 220557**
- All time highest ranking ram for MP+
  - All time highest ranking ram for FP+
  - 8th highest 22 drop ram for DP+
  - Top 1% all 4 new indexes
  - Strong phenotype to go with breed leading data
  - Yearling FD 14.96 GFW% 168

- 220560**
- High income – Top 3% YCFW YFD
  - Phenotype leading RP 1133 son
  - Bold, white, clearly defined crimp
  - Accurate structure
  - Wide based, muscular, plain and well-made ram
  - Negative for breech wrinkle and cover
  - Highly regarded, will see heavy use at Yalgoo
  - Easy to recommend
  - Top 2% FW WP
  - Yearling FD 14.5 GFW% 157

- 220573**
- Homo PP
  - Highest wool quality ram in the catalogue
  - Terrific lustre, high crimp frequency
  - Will reproduce best top making/spinner wools without sacrificing cut and growth
  - Balanced carcass, low WEC, extreme wool quality
  - Top 5% WP
  - Top 1% FW
  - Yearling FD 14.1 GFW% 129

CONT OVER >

## Notes on Sires ... cont

- 230050**
- High production – High profit potential – high expectations
  - Top 3% YCFW – Top 1% FW & WP
  - Plain bodied and free growing stylish wool
  - Grunty body with extra bone
  - Pedigree bolts together strengths of different sires
  - Clean and good feet
  - Terrific contemporary group raw data ratios supports ideal balance of trait s
  - BW 116% GFW 112% FAT 150% EMD 113% FD 94% FDCV 96%
  - Yearling FD 14.9 FDCV 16.7

- 230074**
- A potential PP progression from sire 200629
  - Has all the soundness and fleece quality of his sire with more grunt
  - Outstanding phenotype and elite, stylish wool
  - Superbly balanced data with low dag, good condition score and negative wrinkle
  - Great option for a 'summer rainfall proof wool' with tremendous fleece quality; without sacrificing COP and carcase traits
  - Top 1% FW and WP
  - Well balanced performance ratios in his drop
  - BW 117% GFW 120% FAT 215% EMD 119% FD 105% FDCV 97%
  - Yearling FD 16.6 FDCV 16.9

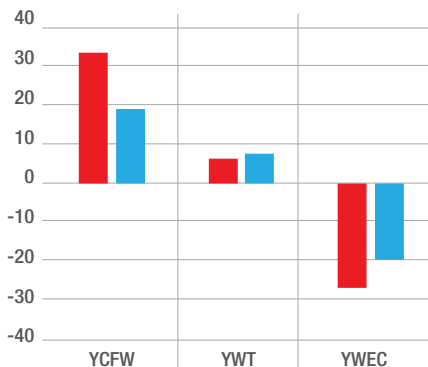

- 230118**
- Popular PP ram with elite phenotype
  - Ideal combination of phenotype and performance
  - Melds together a long, plain muscular body with elite soft handling wool
  - Ideal for those needing to sharpen up wool traits and are finishing wether lambs
  - Negative EBWR and COV

- Strong carcase and repro
- Excellent RWS choice for luxury wool and non-mulesed
- Top 5% FW WP
- Balanced raw data
- BW 125% GFW 120% FAT 129% EMD 116% FD 101% FDCV 100%
- Yearling FD 15.9 FDCV 17.4

- 230176**
- Elite industry sire for fleece value as shown by our highest Y-7/15 index value
  - Sits around the top of the industry for FW and WP
  - Sound, solid well shaped feet
  - Well aligned, luxury wool
  - Profit driving ram for \$/ha of wool harvest, with sensible wrinkle and cover
  - Top 1% FW WP
  - Top 3% YCFW YFD
  - BW 106% GFW 116% FAT 65% EMD 92% FD 103% FDCV 91%
  - Yearling FD 16.2 FDCV 15.8

- 230415**
- Blueprint for balanced performance and enhanced profitability
